29th April 2020

Dear Mr Cruse-Taylor,

49,000 children and young people in the UK are living with life-threatening health conditions. With the outbreak of COVID-19, the number of people needing hospice care has risen over recent weeks and Hospice nurses and front line clinical staff now, are putting their lives at risk caring for vulnerable patients.

The children and young people we care for at Hope House need us more than ever during this difficult and uncertain time. It is vital that we stay open to offer end-of-life care and care after death for them and their families.

We are working closely with the NHS; freeing up beds on children's wards by transferring children with life-threatening illness from hospital to our hospices, where they will be cared for by our experienced palliative care nurses.

Our community nurses, neonatal nurses and social workers are supporting families in crisis due to the pandemic – with a hospice team allocated to each family to ensure sure that they can access all available support, from us and others in the community.

However, our ability to raise vital funds has been severely affected by the COVID-19 crisis. Just 14% of our annual income comes from statutory sources, including the NHS. 68% is usually raised through fundraising activity and a further 9% through our shops. With shops now closed and our events cancelled, we are experiencing a sudden and severe drop in income and we know that at least £1 million in fundraising income will be lost to us.

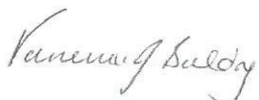

In addition, our recovery will be slow and difficult as things gradually return to normal, with many individuals and businesses who have long been our supporters financially impacted for some time, affecting their ability to donate to us. That's why your support is so crucial.

We are writing to ask you to help us provide vital nursing care at this time for 40 children and families living in the Telford area, including those in your local community. This is where our need is greatest, and where your financial contribution would have the biggest impact. A donation of £250 would pay for one of our specialist palliative care nurses to provide a day of expert care for one of these terminally ill children at the hospice or in their own home.

Any cheques should be made payable to 'Hope House Children's Hospices'. If you require us to complete a grant application form, we have enclosed an SAE for this to be returned to us.

Thank you so much for considering donating to us. With your help we will continue providing care for the most vulnerable for the duration of this crisis and for many years to come.

Kind regards

Vanessa Baldry, Trusts Manager

4th May 2020

Hello Ian,

Thank you for our phone conversation today.

I would be most grateful if you could issue this update on Telford Carers Centre supporting unpaid family carers of all ages.

The Carers Centre Team (and all of Telford and Wrekin CVS) are now working remotely from home – it's been a bit of a strange transition – but we're settling into a different mode of working.

I think it's fair to say the whole team have taken on the task of supporting our carers at this difficult time with enthusiasm and a newly found urgency – we've tried to make sure that although we can't give that personal face-to-face and cosy group support currently, we can use technology to provide something quite similar.

- Our frontline team are dealing with dozens more calls a day – people are understandably more anxious and for carers the situation can go from quite difficult to sometimes critical.
- We are currently contacting our most vulnerable family carers with a 'Safe and Well' Phone call session. We can then check how they are and see how we can support.
- We're also holding online 'Virtual Youth Clubs' and Wellbeing Groups for all ages.

I'm writing to ask whether Chetwynd and Woodcote Parish Council, would consider giving a donation – we are working at more than full capacity to ensure that carers get the support they need and any amount would be so much appreciated to help us through this time.

We have a VirginMoneyGiving account at:
www.virginmoneygiving.com/fund/telfordcarerscovid19 with a choice of individual donations or your own chosen amount.

If anyone that is interested could contribute – even if only a little – to help us support carers through this period we would be so grateful.

I wish all families safe and wellness in your Parish at this challenging time.

If you have any queries please contact me,
E-mail: Laura.Thorogood@telfordcarers.org.uk

With many thanks,

Laura

Telford & Wrekin Economic & Housing Development Needs Assessment Stakeholder Engagement Questionnaire – Parish Councils

Please complete the following questions using the boxes provided and return to Karen.Moshkovitz@dipconsultants.co.uk by **5pm on Wednesday 15 July 2020**.

Your responses will be used to inform the Telford & Wrekin Economic & Housing Development Needs Assessment.

If you have any queries regarding the questionnaire, please do not hesitate to contact us on 0114 2289190.

Name:

Please enter the name of your Parish and the name of the person completing the form

Section 1: Employment and Economy

1. How are local businesses performing in your Parish area? Are there any particular reasons to their success?

2. Are there any reasons to prevent these or similar businesses growing in your Parish?

3. In your Parish, how suitable is the existing stock of commercial space to meet local business needs?

4. Are there any gaps in provision of commercial premises or types of business in your Parish that would support your local economy? How could this be improved?

Section 2: Housing

1. What types/sizes of residential property are most in demand in your Parish?

2. How suitable is the existing housing stock for meeting local needs? Are there any gaps in provision?

3. Is there a need for more affordable housing for local people? If so, what type and size should these be? Should they be for rent or low cost home ownership?

4. Is there a need for more homes for older people, people with disabilities or any other groups of people? If so, what is this?

5. Is there a need for any other types of housing, including plots for self-building? If so, what is this?
